

HSE Coordinator – Grande Prairie

CES Energy Solutions is a dynamic and growing oilfield Services Company listed on the TSX as CEU. It is one of the largest drilling fluid systems providers in Canada and is focused on being the leading provider of technically advanced chemical solutions throughout the life-cycle of the oilfield.

CES Energy Solutions is looking for a motivated, enthusiastic, and organized individual to fill the position of **HSE Coordinator** in our **Grande Prairie** location that will support the PureChem, CES and Clear Environmental divisions. This position's main focus will be to perform audits, identify issues, determine corrective actions and follow closure. This position will be the single point of contact for their assigned territory and regular travel within the assigned territory will be required.

Responsibilities Include:

- Ensure adherence to all company health, safety and environmental standards, policies and procedures while maintaining ongoing knowledge of local, provincial and federal guidelines
- Visit, inspect and audit workplaces and staff
- Perform monthly safety inspections to audit the effectiveness and compliance of the program, determine if field staff are following HSE Policies and advise and mentor when standards have not been met or followed
- Investigate incidents and report findings to eliminate the probability of reoccurrence
- Coordinate between facilities and HSE Corporate Services Team
- Maintain current OH&S literature, regulations and codes of practice and be able to pass on and train facility personnel
- Work with HSE vendors and regulators
- Regular travel within assigned territory
- Provide reporting on assigned region to HSE Leadership Team
- Actively seek out new opportunities within the HSE program that will decrease incidents
- Other duties as assigned

Key Qualifications

- High School Diploma with a minimum of 5-7 years HSE experience or Bachelors/Certificate in Science or Safety with 3-5 years HSE experience
- Proficiency in Microsoft software such as Excel, Word and Powerpoint are required.
- Experience in Oil and Gas preferred
- Safety or IH professional certification is preferred
- Extraordinary communication skills (both written and verbal) that allow effective communication through all levels of the company
- High personal ethics
- Willingness to address difficult issues regarding personnel, management, customers and regulatory agencies
- Independent and highly motivated and willing and able to travel
- People management skills
- Ability to deal with high pressure environment and time sensitive requests with urgency

CES Energy Solutions offers our employees a competitive salary and benefits package commensurate with experience. Please send your resume and cover letter in confidence to hr@ceslp.ca with **HSE Coordinator** in the subject line. We thank all applicants for their interest; however we will only contact those individuals who qualify for an interview.
